

The Mayor, Village Administrator, his staff and members of the Village Council continually work towards three primary goals;

- Ensure we are good stewards of your tax dollars.
- Ensure the Village of Andover is and continues to be a great place to live and raise a family.
- Ensure the best interest of the village and its citizens is the primary determining factor in all decisions and financial transactions.

For us to achieve the aforementioned goals and to be effective as a council, it is important that we get your feedback and thoughts on what you would like to see happen (projects, improvements etc.), how we are doing (good, bad or indifferent) and anything else that you would like to share, think we should know or should be doing. We fully understand that every financial decision we make and ordinance we pass has an impact on you. Only with your input and participation will we be able to truly make informed decisions and understand the full impact of those decisions on the citizens of Andover.

There are several ways to provide your feedback and ensure your voice is heard. The best way is to attend our monthly meetings at the Village Hall, which are held the second Tuesday of every month at 7:00PM and the last Tuesday of every month at 5:00PM. However, we fully understand that this may not be convenient or even possible due to the busy schedules of most folks and we have made the following alternative methods of communication available for you to provide your input and have a conversation with the Mayor, Village Administrator, his staff and members of the Village Council:

- Utilize the Andover Village website. All email addresses and phone numbers are listed on this website (and below) as well as a section for comments and input.
- Andover Village and/or Village of Andover Police Department Facebook page.
- Call the Village Hall, the staff will take your input and add it to the list for discussion or forward it to the appropriate person for immediate feedback if needed or required.

We are going to add a line item to our meeting agenda to have your input from the above listed sources presented and discussed, we will provide feedback if wanted or required. Thanks in advance for helping make and keep Andover a great place to live and visit, and we look forward to your input and assistance.
